

Nechako Rotary Club Administration Report
January to December, 2015 (12 Months)
Director of Administration – Loraina Stephen

The major focus of the Club Administration Committee has been organizing regular and special programs at the weekly Wednesday morning breakfast meetings which are held at the Coast Inn of the North in Prince George, BC. The weekly programs are scheduled in advance and brought to the monthly executive meetings for discussion and input. The wide variety of speakers relates to members' interests, current club projects, activities and community issues. In summary, for 2015 we are very pleased to have had **36 exciting guest speaker** presentations from various sectors in the community. As well, we have had the **14 internal program meetings** that support our club membership and all the work that we do over the year.
