LITTLETON ROTARY

WEEKLY BULLETIN

March 07, 2018

Above: Littleton Rotary President Chris Tyler, Robert Nutter and Cary Clark.

THIS WEEK IN ROTARY...

ROBERT NUTTER – LITTLETON REGIONAL HEALTHCARE

This week's speaker was Robert Nutter, President of Littleton Regional Healthcare since early last year, who gave an interesting and informative talk regarding his organization's current programs and future plans. He said that LRH - with the region's largest payroll with over 500 employees - is in a strong financial condition and plans to apply available funds to make improvements in its facilities and services. Nutter reported that they will be adding to their many medical specialties - with particular attention to helping local people deal with and overcome the growing problem of opioid abuse and addiction. He noted that these and other advances in medical care for area residents will be facilitated working with Upper Connecticut Valley Hospital in Colebrook, Androscoggin Valley Hospital in Berlin and Weeks Medical Hospital in Lancaster through the new North Country Healthcare organization. On a personal note, Nutter said he and his family are very much enjoying living in our area - being not far from his wife's family hometown of Lyndonville, Vermont.
