THIS WEEK IN ROTARY...

PETER FRID, JUNE 27, 2018

Our speaker this week was Peter Frid, President of New Hampshire PBS (formerly “NH Public TV”) who told us of the broad role his organization plays in informing, educating and entertaining residents of New Hampshire and the surrounding states. After surviving the loss of \$2.7 million in State funding in 2011, NH PBS has – thanks to the considerable financial support of donors and strategic partners - greatly expanded its programing and other services that are now delivered on-air, online, via

mobile, in classrooms and in communities. Mr. Frid expressed particular pride in shows on life in New Hampshire and neighboring states, including the long-running “Granite State Challenge” and “Windows To The Wild.” He noted that Littleton will be featured this coming fall in their “Our Hometown” series.

HAPPY NEW CLUB YEAR!
