CALGARY URBAN DESIGN

Barry Mah introduced guest speaker Sonny Tonic to explain Calgary urban design.

Sonny is living his dream while contributing to the dreams of Calgarians. An historical and humorous look at how Calgary has evolved in quantum leaps was presented. Sonny showed us both nightmare and dream streetscapes.

Our city's potential includes Stephen Avenue, new plus 15's, 2 rivers (because water is magic), public art and dynamic use of light.

The city is aiming for: "livable, balanced and visionary" through an increased residential presence downtown and the creation of linkages between different areas. Sonny wants to create better "living room" for all Calgarians.

The project is a major work in progress of which Sonny is a passionate part.

Martin Harvey thanked our guest speaker.

ROTARY UNITED NATIONS DAY

The 2004 Rotary-UN Day will be held on November 6, 2004. This annual event offers Rotarians a chance to visit the United Nations Headquarters in New York City and participate in panel discussions featuring leaders and officials from the UN, UN-affiliated non-governmental organizations, and Rotary International.

Because seating for Rotary-UN Day is limited, Rotarians are encouraged to submit their completed registration forms ahead of the 23 October deadline. The day's program also includes a tour of the UN (advance ticket purchase required). Registration fees and UN tour tickets for adults are US\$30 and \$10.50, respectively. Organizers are de-

veloping a separate program for younger attendees, ages 8-18. For these school-age participants, registration fees and UN tour tickets are \$10 and \$7 per person.

A brown-bag lunch of a sandwich, beverage, fruit, and dessert is included in the registration fee and will be served in the main UN cafeteria overlooking the East River.

Registration is now open for this event.
