IMPROMPTU CLASSIFICATIONS

Since we had no guest speaker, Walter Zuk had nobody to introduce. Walter quickly wiggled out of that situation by introducing three members to give an impromptu classification talk. Jim Davis thanked them all collectively.

Next was Dennis Tillotson and he was born in Regina, and was raised in Wawanesa MB. His parents owned a general store and attended U of C. His entire career has been in the transportation industry with companies such as Ward Air, Transport Canada, and Greyhound. He is currently at Greyhound as the Director of Administration and has been there for 18 years. He is married to Beth, has two daughters Jillian and Amy, and a granddaughter Emily. Dennis has been with Rotary for 17 years and is a charter member of the Heritage Park Club.

Finally Garry Grey gave his classification speech. Garry joined Rotary in 2001 and has become a very big part of his life. He was born in 1953 in Ontario and has two brothers. He went to the University of Guelph and was going to be a farmer. He decided to change directions and came to Calgary in 1973 as a machinist with Firestone. He owned his own business until 1981, and had a fabrication shop from 1994 to 2000. In 1998 he started to invest in real estate and now has 46 tenants. He is married to Cathy, and has a son Robert who is working with Canadian Mental Health.

OF ROTARY

DEFINITION OF ROTARY

How do you describe the organization called Rotary? There are so many characteristics of a Rotary club as well as the activities of a million Rotarians. There are the features of service, internationality, fellowship, classifications of each vocation, development of goodwill and world understanding, the emphasis of high ethical standards, concern for other people and many more. Remember this definition when someone asks "What is a Rotary Club?"

"Rotary is an organization of business and professional persons united world-wide who provide humanitarian service, encourage high ethical standards in all vocations and help build goodwill and peace in the world."

THE ROTARY FLAG

The official flag was adopted by Rotary International at the RI convention in Dallas Texas in 1929. The Rotary flag consists of a white field with the official wheel emblem emblazoned in gold in the centre of the field. The four depressed spaces on the rim of the Rotary wheel are coloured royal blue. The words "Rotary" and "International" printed on the top and bottom depressions are also gold. The shaft in the hub and keyway of the wheel are white..

The first flag was flown over Kansas City, Missouri in January 1915.

In 1922, a small Rotary flag was carried over the South Pole by Admiral Richard Byrd, a member of the Rotary Club of Winchester, Virginia. Four years later he carried it in his expedition to the North Pole.

The Rotary flag is always prominently displayed at the World Headquarters as well as at all conventions and official events of Rotary International.

ROTARY'S WHEEL EMBLEM

A wheel has been the symbol of rotary since our earliest days. The first design was made by Chicago Rotarian Montague Bear, an engraver who drew a simple wagon wheel, with a few lines to show dust and motion. The wheel was said to illustrate "Civilization and Movement." Most of the early clubs had some form of wagon wheel on their publications and letterheads. Finally in 1922, it was decided that all Rotary clubs should adopt a single design as the exclusive emblem of Rotarians. Thus in 1923, the present gear wheel with 24 cogs and six spokes was adopted by Rotary International. A group of engineers advised that the gear wheel was mechanically unsound and would not work without a keyway in the center of the gear to attach it to the power shaft. So, in 1923, the keyway was added, and the design which we now know was formally adopted as the official Rotary International emblem.
