MEETING NOTES

It is time to thank Al Gore for the global warming evident this day in Calgary. As our world continues to warm up it is -23C this morning. Last year at this time it was -4C.

Now that is simply awful! The good news is that next Friday it will be only -18C. Gollee gee whiz!

On this day in 1885 Mark Twain published The Adventures of Huckleberry Finn...the story of a slave who was trying to get to freedom in Ohio. By the time readers got to the book in the 1950's, African American Groups were calling it racist!

PODIUM DASH

There abides in the room a sense of warmth and satisfaction for the Pubbers Night organized by Zuzana Carter-Edwards held Thursday night. Just a great evening of fun relaxation and gambling.

It's a big day for Mila and Clancey Ellingson. They have been married for one year and they are invited to speak about their year. Mila did the speaking and she was warm and wonderful. Clancey just stood there with a grin on his puss.

Brian Humphrys wants us to find used neckties for the SPCA. Huh? Its cats or us!

Steve Smith tells us about Trevor Helinski enjoying his outbound student time in Mumbai.

NEW MEMBER

Doug Hood introduces our newest member – Sheila Tyminski. And is she a good member or WHAT. I had an opportunity to speak with her privately and I understand totally why she is perfect for our Club and for Rotary. Her husband Cliff is a member of Calgary North. All four of their children have been part of the Rotary Youth Exchange program, She has attended District Conferences and International Conventions. She likes what Rotary stands for. Professionally she is a Dietician for Alberta Health Services and leads a team in Calgary. Welcome Sheila
