young people over the age of 18, the upper age limit over 30 has been removed and is still focused on young professionals and university students. Differences: Less of a commitment in meetings, membership dues are minimal, focuses on professional development, making connection.

The United club is an e-club that was launched and is the continuation of Interact. Small and close knit and are currently all university students. Members are nation-wide and international with a student from Mexico. Recently held “locked in the cyber-verse” raised \$1,500, big thank you to Graham Drake and donors.

Justine: Club has not been chartered yet. Hope to launch the “Young Professionals” club in September. The why? A desire to collaborate with Rotary and mentorship opportunities of Rotarians to support Rotaractors. They would like to exist without a sponsor club to open up the possibilities of engaging multiple clubs for mentoring support.

Leah: Desire to connect with us, they have had relationships with other Rotary Clubs that have not developed. They would like to participate in some of our volunteer events and grow the relationship, and to develop mentor relationships. Summer of Service: Rotaract United is wanting to increase memberships and runs all summer, which presents an opportunity for University students and young professionals to be engaged.
