PROGRAM

Speaker Bernadette Majdell CEO of Homespace was introduced by Don McArthur

HomeSpace's goal is to provide safe, affordable, beautiful homes to the most vulnerable populations in our city. HomeSpace owns and maintains 33 buildings in 22 different communities. The rent in these buildings is 20-40% below market rates, has salary caps, and is often subsidized by additional aid. Bernadette highlighted that experiencing homelessness is not *only* about housing but it is *always* about housing. There are over 1200 residents living on HomeSpace properties in Calgary with 30% being children. Seven Rotary Clubs in Calgary (Heritage Park, Sarcee, West, Fish Creek, Millennium, Olympic, and North) raised \$72,500 including grants in support of a HomeSpace project "Rotary Adopt-a-Home Reno".

Don McArthur thanked Bernadette for her inspirational presentation.
