Spring 2025

Seasonal Hiring

With spring in the air, many employers will be prioritizing seasonal hiring for the next couple of months. A seasonal position can be a great way for an individual to get their foot in the door with a company and gain valuable new skills and experience. Some industries that commonly increase their hiring for Spring are tourism and hospitality, retail, construction and landscaping.

Peter Lee Golf Tournament

On June 3rd, 2025 the 5th Annual Peter Lee Golf Classic will take place. The golf tournament is hosted by fellow rotarian, and chair of the Rotary Employment Partnership Steering Committee in Edmonton, Andre Charrois. The Peter Lee Golf Classic aims to raise funds and awareness to continue supporting people with intellectual disabilities and their families. Stay tuned for more information!

Dean recently started his new position as a Club Registrar with the Mayfield Rotary Club. As a Club Registrar, Dean sets up the conference room and reception tables in preparation for the rotary meeting. He also tracks attendance and takes payments. Following the meetings, Dean is involved in the take down and organization of equipment to ensure it is ready for the next meeting. "I already feel so appreciated here," he remarked with a smile after being thanked by a club member for his hard work and reliability.

ATS - Calgary

After seeing the success of inclusive employment in their Edmonton location, ATS Traffic has expanded their collaboration with the Rotary Employment Partnership and hired Daniel on their Calgary team. For ATS Traffic, safety is at the forefront of every action. With summer, and a busy construction season just around the corner, organized employees with attention to detail and great team communication are essential. In the short time Daniel has worked as a warehouse labourer, he has proven already to be a great fit. He is responsible for a variety of tasks such as keeping signs and equipment maintained, cleaned, and organized, and assisting with processing orders for rentals and sales.

Job Seeker Profile

Auria is a motivated young woman seeking employment in the plant care and horticulture fields. With a certificate of completion from Olds College in the Horticulture Technologist program, a greenhouse or golf course setting would be a great fit. Auria is located in Edmonton on the South-West side of the city and relies on public transportation to get to and from work. She is looking for part-time hours with the opportunity to grow into a full-time position, ideally daytime hours but she is flexible. Auria would thrive in a social environment with a mid-sized team and a consistent schedule.
