**President Debbie** acknowledged that today's meeting is the first since our great book sale and read us a thank you letter from Loaves & Fishes' **Vicki Hemmerich** thanking our club for raising \$265 and 86 kg of food to their worthwhile cause.

**Yvan Gosselin** who just returned from vacation had no report on the health of the club and **Egon Holzwarth** said that **Frank Shoemaker** is feeling somewhat better but has lost a lot of weight and still needing the use of a wheelchair.

**Bob Janes** said that **Bob Fenty** is having chemo treatments and has a good attitude.

### Announcements:

Announcements included a note that a Rotarian from the Comox club will be visiting our club on November 18<sup>th</sup> and selling candied salmon at \$25/lb or 5lbs for \$100.

**Janeane Coutu** has made up a suggestion box in the form of a garbage can for anyone with ideas on how to improve on our book sale to even make it a bigger success

### Candied Smoked Salmon For Sale November 18th

The Rotary Club of Comox is holding its annual sale of candied smoked salmon by Hardy Buoy. It is a highest quality wild salmon processed in Port Hardy. Proceeds from this sale go towards their water projects in Honduras.

With the entertainment season coming up, what a great quintessential Vancouver Island host gift or delicacy to enjoy with guests!

On November 18 at the regular noon meeting of our Rotary club, representatives from the Comox club will be attending our meeting with candied smoked salmon. The product is competitively priced at \$25 per pound or best priced at \$20 per pound if you buy at least 5 pounds. Cash or cheque is preferred but credit card option will be possible. The product will be on site at our meeting.

than it is. Just email **Janeane** or **Brent Stetar** with ideas.

Our book sale included 39,000 books sold and raised in excess of \$74,000 for our club. A total of 45 club members and 14 spouses took part along with many volunteers including **Rudi Steinmetz** with special effort from **Brent Stetar** and **Al Smith**.

**Kathy Smith** announced that a Persian dinner is planned at the *Bees Knees* Saturday night with 20 Rotarians currently signed up. The *Bees Knees* is owned & operated by **Behzad Forghani's** mother **Shahla**.

**John Salem** reminded us of the Che-mainus Theatre night on Nov 24<sup>th</sup> with 32 already signed up and another 8 people can attend.

**Ross White** thanked all members who contributed to World Polio and the club raised \$1200. Also November is *Foundation Month* and the club will use matching points on member donations. Look out for tin piggy banks given out next week.

**Dave Hammond** reminded us of "Movember" coming up and no early whisker growing. **Dave** pointed out that this would be an equal opportunity for all club members.

### Sgt-at-Arms Report:

The ever demanding Sergeant-At-Arms **Brent Barootes** said that today's meeting would be interesting and costly and confused club members with a credit system that would offset fines. Many members ended up contributing money but could not understand why.

Happy bucks were given by members **Dave Hammond**, **Brent Barootes**, **Douglas Anderson** (\$5) for being wife

**Brenda's** chauffeur, **Ed Borisenko** for his daughter being selected to work in Budapest for the United Nations, **Lucie Gosselin** for officially retiring from MNP, **Henry Jiang** for doing two duties today and **Ross White** a whining buck for having to look after wife **Pam** due to her knee surgery.

**Egon Holzwarth** gave \$20 for books he forgot to pay for at the book sale.

**Charles Ramos** won the table stakes and the draw for the ace of spades was won by **Lucie Gosselin** who failed to produce the ace of spades, so the 50-50 pot continues to grow.

flights from Vancouver to Hangzhou, the old capital of China and now the home of Alibaba. Henry had a long list of places to visit and recommended starting by flying in to Kunming which is sub-tropical and from there visiting Dali a beauty spot with its famous triple pagodas. Then travel on to the ancient city of Lijiang, fol-

lowed by Tiger Leaping Gorge. He also recommended Xiaomen Gulong Islet and Xi-An to see the terra cotta army.

Henry promised that if we were to visit him in his home town of Qingdao, we would get to know the *real* China and its many secrets. Henry also recommended visiting the Forbidden City in Beijing, Harbin in the north for its ice sculptures and snow, the Guilin Mountains and river and Thousand Islands Lake which are all famous beauty spots.

With so much at home, one wonders why Henry migrated to Nanaimo. He said it is because of the weather and re-

## All You Need to Know About China

Reported by John Shillabeer

In introducing our speaker **Henry Jiang, Kathy Smith** said that during her visit to China she had been stunned by the numbers of construction cranes, so many shopping opportunities and the people. She was looking forward to hearing Henry's personal perspective on his home country.

Henry began by thanking **Ian Williams** for the beautiful composite picture of members, including Henry, on the front of the current *COGS* celebrating the book sale.

This year **Justin Trudeau** visited China in connection with the G20 Summit and Chairman Xi Jinping visited Canada, being the first Chinese head of state to visit in more than thirty years. When Chinese people think of Canada, they remember **Pierre Trudeau** as one of the first western leaders to visit China and Canada as one of the first countries to recognise China. They also think of **Dr Norman Bethune**, a Canadian hero who saved many lives on the Great Long March and subsequently died in China.

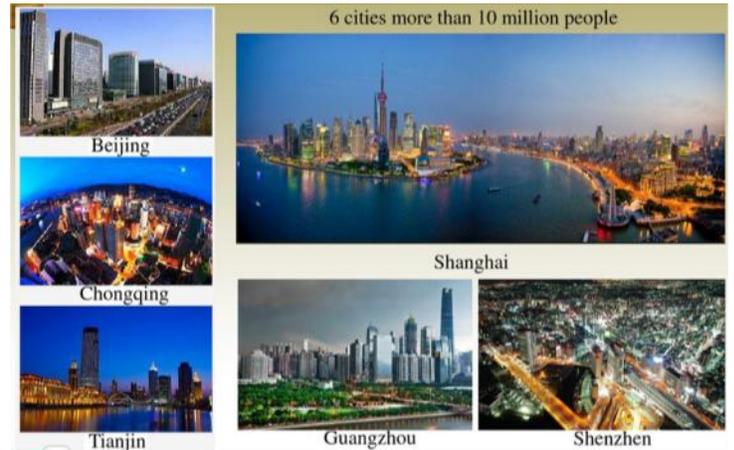

Henry then gave us a "China by the numbers" run down:

- 5000 km west to east
- 5500 km north to south
- 30 million people in the biggest city, Chongqing
- 7.69 million students will graduate this year of whom 40% are in technology and

most speak English. Henry said you can recognise by their glasses.

- 7 main dialects of which Mandarin is the official state language.
- 8 major cuisines
- There are ten cities with over 10 million inhabitants: Shanghai (known for business, Beijing (politics), Chongqing, Tianjin, Guangzhou, (manufacturing) and Shenzhen (high tech).

Henry urged those of us who have not been to China to visit. He noted that starting in December there will be direct

peated it, so he must like the rain. He likes the quieter life-style here and access to nature. But perhaps the most important reason is education and the incredible competition his son would face to get into a good university. The 7.69 million graduates this year are forecast to rise to 80.69 million in 15years!.

**Wayne Anderson** thanked Henry for his lively and informative talk and presented him with the coveted Rotary pen. Wayne thought it a point in Henry's favour that his home town of Qingdao is also the home of Tsingtao beer.

## Haerbin Ice and Snow world

Henry showed a number of excellent slides of his native country, and limited space only allows us to show you a couple of them here.
