

*A decent meal saves a starving child*

Famine is one of the biggest problems in the world. The people of North Korea suffer from hunger on the level of the notorious Ethiopia famine. Children in particular just die in silence behind the world media. The Edmonton Strathcona Club has decided to raise food funds for the children's home in Najin, North Korea.

### *Brief History*

In 1998, 300 homeless children 5 to 7 years of age, who were begging in the streets, were gathered and housed. Now this home has grown to a large family of 535-children plus staff. These children have to be fed or they will suffer from severe malnutrition which could result in death. This facility has been reputed as a heavenly place in Najin City to many hungry homeless children.

*He (God) defends  
the fatherless and  
the widows, and  
loves the alien,  
giving him food  
and clothing*

*Deuteronomy 10:18*

*Today is unique. It has never occurred  
before and it will never be repeated.*

*At midnight it will end, quietly,  
suddenly, totally and forever. But the hours  
between now and then are opportunities  
with eternal possibilities.*

*Charles R. Swindoll*

Words can not express the gratitude of the children for helping to keep them properly nourished. Your generosity will mean so much.

# Feed the children in North Korea

## Management

The home is operated entirely with private donations and managed independently. One Canadian gentleman has been in charge as an honorary director who is responsible for procuring foods at the China side and transporting foods by a truck to North Korea. No overhead cost is involved.

## Current Financial Needs

The entire budget for the home is currently US\$ 6,900/month. This means a mere 40 cents per child per day. There is an urgent issue though. Recently another children's home within the city limits was completely burnt down. About 300 children are temporarily housed in a warehouse facility. Dr. Kim is asking for help to rebuild the home before the harsh winter sets in.

## Our fundraising Goal

The Rotary Club of Edmonton Strathcona began an active fund-raising drive to reach a projected goal of \$15,000 within this year. Matching grants such as those from the Wild Rose Foundation and/or CIDA have the potential to triple your financial gift.

**Help in any amount is appreciated.**

*Remember, even a dime can change the fate of some of these children.*
