Halloween rock show at the Heritage Grill

So if you're the bassist and co-vocalist in a band, and your frontman guitarist partner proposes to you onstage, what do you say?

Ask Natalee Fera. She's now Natalee Lovelock – and, spoiler alert, she said yes.

Lovelock and her now-husband, Danny Lovelock, are together onstage this weekend on what happens to be the first anniversary of that fateful night. It was Oct. 26, 2018, and their band – aptly called Marry Me – was onstage a pub in White Rock when Danny pulled off the surprise proposal and wedding.

This Saturday, Oct. 26, Marry Me returns to the

stage in New Westminster for a Rock'n'Roll Halloween, featuring the New West band along with folk-rockers The Quixotic Neurotics and The Colony Farm Band. They're playing in the back room at the Heritage Grill, 447 Columbia St.

Marry Me also includes Kylan Prince on guitar and vocals and Kenny Dietrich on drums. The band's self-described "modern alternative rock" sounds can be found on their latest release, *Til Death Do We Rock*.

Doors for the Oct. 26 show open at 7 p.m., with show at 8 p.m. Tickets are \$5 in advance, or \$10 at the door. See www.marryme.music.ca for the details.

ROTARY IN ACTION

TODAY IS WORLD POLIO DAY!!

October 24, 2019 has been designated World Polio Day here in New Westminster and a multitude of cities and nations around the world. Commemorating the birthday of Jonas Salk, whose research developed a vaccine for the polio virus, we also celebrate the successes of the Global Polio Eradication Initiative over the past 30+ years.

In the mid-1980s approximately 350,000 children were afflicted with the polio virus every year. Many died, many of those that survived were crippled or disfigured. In the developing world, children were particularly vulnerable due to poor sanitation and scarce medical care. Polio victims experienced a loss of opportunities which we take for granted. An education. A job. A family.

In 1985 Rotary embarked on a campaign to eradicate polio from the Philippines. Vaccination was simple, and involved 2 drops from an eye dropper taken orally. The success of the program prompted other governments and agencies to support the initiative. The incidence of polio in 2018 was only 33 cases, in conflict regions of Pakistan and Afghanistan.

WE ARE THAT CLOSE TO ERADICATING THE POLIO VIRUS!!

But we need to finish the job, or else the virus will resurface and spread throughout the world again.

HELP US FINISH THE JOB!
