New Member Handbook

Updated November 2025

Welcome to the Swan City Rotary Club!

You have been invited to join Rotary as your sponsor recognized you as a person of good character and reputation, a leader in your profession and in the community and wanting to be a part of our service organization.

As a new member, it will be through your own actions that you become a Rotarian, a term that means much more than just being a member of a Rotary Club.

On the following pages is information to help you get the most out of your membership, answer many commonly asked questions and some interesting facts about the Swan City Rotary Club.

As a new member you will have many questions of your own and we are here

to answer them. Your first resource is your sponsor as they can answer most questions. If they do not know the answer, you can ask a Board Member or contact the Membership Director. If you have questions about payments, please contact our Club Executive Administrator.

What is Rotary?

Rotary is an international membership organization made up of people who share a passion for and commitment to enhancing communities and improving lives across the world. Rotary clubs exist in almost every country. Members change lives locally and connect with other clubs to work on international projects that address today's most pressing challenges. Being a member is an opportunity to take action and make a difference, and creates lifelong friendships in the process.

The Four-Way Test

The Four-Way Test has long served as an ethical guide for members to live by in their personal and professional relationships.

OF THE THINGS WE THINK, SAY OR DO:

Is it the TRUTH?

Is it FAIR to all concerned?

Will it build GOODWILL and BETTER FRIENDSHIPS?

Will it be BENEFICIAL to all concerned?

The Objects of Rotary

These are Rotary's guiding principles. Understanding these puts your club experience into perspective and adds meaning to being a part of Rotary.

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST: The development of acquaintance as an opportunity for service;

SECOND: High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD: The application of the ideal of service in each Rotarian's personal, business, and community life;

FOURTH: The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

Member Expectations

As a member of the Swan City Rotary Club, you are encouraged to attend as many regular meetings, whether online or in-person, as possible to be engaged with the club and stay informed. We do not have a minimum attendance requirement to be a member, but your Rotary experience is what you make of it so attending the meetings, club activities, etc. is a great way to get engaged with the club.

We are also a service club, so as a member you are asked to volunteer for events and activities that take place throughout the year.

We recognize that attending regular meetings can sometimes be challenging with our busy work/life/family schedules, so if you miss a regular meeting, there are other ways you can make-up those missed. Some examples are:

- Watch the recording of a meeting or attend a meeting at another club
- Attend a convention
- Volunteer for a shift at a service event such as kettles, lottery ticket sales, etc.

Once you have completed one of the above make-up activities, please let Pam know which meeting you are using the make-up for and what you did for the make-up. For example, if you missed the meeting on November 10 and you did a ticket shift on November 26, then let Pam know this information for her records. You can also bank your make-ups to be used for a future missed meeting. We ask that all make-ups be submitted by the end of the quarter (September, December, March and June) so we can make sure none are missed.

And finally, as a special thank you to our members, we present those who have 100% attendance for the Rotary year with a pin in celebration of their milestone. We have many members who have had perfect attendance for every year they have been in Rotary!

Stay Informed

When you join the Swan City Rotary Club, you will complete a New Member Enrollment Form, which is entered into the Rotary International system as well into our ClubRunner website. New Member Activities

As a new member in the Swan City Rotary Club, there are a number of activities which you will be required to complete. These include Induction, Classification Speech, Fireside and participation on the Greeting Committee. These activities will engage you with Rotary and our club and will answer a lot of questions you may have. These activities should be completed within the first 3-6 months of joining.

Induction

Once a month we induct all our new members officially into our club. At that time, your sponsor will give a brief introduction to the club and you will be presented with your Rotary Pin, as well as your Membership Certificate, Objects

of Rotary and 4-Way Test plaques.

Classification Speech

This is a short presentation to introduce yourself to the club. You will be asked to speak about yourself, your family (if you so choose), your career and why you wanted to join Rotary. Speeches will be scheduled so you will have time to prepare.

Fireside

This is an evening event held for new Rotarians and their spouses, generally held at a past president's home or arranged location. At the fireside, some of our past presidents and other long-time members share information about Rotary and can answer questions you may have about the club, etc. It is also a fellowship opportunity to allow you to get to know some other Rotarians in a smaller setting than at a regular meeting.

Greeting Committee

All new members are automatically placed onto the Greeting Committee. Typically, you will be a member of the Greeting Committee for at least your first year of membership. The shifts rotate so you will not be working every meeting. As a Greeter you will help to set up the meeting room and then greet each Rotarian as they come in with "Welcome to Rotary". This is an excellent way to meet our members and learn their names.

Once all of the above activities are completed, you will be presented with your Hat Trick (yes... you get an official Rotary Hat) in commemoration of their completion.

Areas of Service

Rotary would be just another club, but our focus is the component of Service. Our motto as Rotarians is Service Above Self, and there are five Areas of Service which we focus on. They are Club Service, Vocational Service, Community Service, International Service and Youth Services.

Club Service relates to the first part of the Object of Rotary; the development of acquaintance as an opportunity for service. This area focuses on the things we do in our club to help it function successfully. This includes items such as meeting attendance, fellowship and club events, our club Facebook page and website, and of course bringing great speakers and programs to our weekly meetings.

Vocational Service involves using our professional and business talents and resources to serve others. This area highlights the fact that Rotary was founded on the concept of networking and doing business with other Rotarians in addition to servicing society.

Community Service refers to the activities we undertake as Rotarians which improve our communities and serve the needs of those who may need our assistance. The projects undertaken in our local community are opportunities for every member to exemplify the Rotary motto "Service Above Self".

International Service relates to our unique opportunity and ability to impact the world through humanitarian service in other countries, to undertake projects designed to assist those in developing countries, to support relief and recovery efforts in the wake of disaster and to participate in programs that advance international understanding, goodwill and peace. Rotary also offers each of our members the ability to connect with people from all parts of the world through the International Convention, friendship exchanges and fellowships.

Youth Services relates to the positive change implemented by youth and young adults through leadership development activities, involvement in community and international service projects. There are also exchange programs that enrich and foster world peace and cultural understanding. This area also includes programs and projects involving young people under the age of 30, such as leadership and ethics training programs, Interact and Rotaract clubs and many more.

Each year our membership will be asked to complete our Choices Survey. This survey describes the many different committees and activities that our club does during the year and provides some information about our Board roles. Your

answers help the Board Directors fill lead roles for some of our committees and gauge interest in our activities. We also ask that our members commit to at least one ticket sales shift per lottery, one kettle shift and one meal service per year. Please take the time to review the five Areas of Service and the following club events and activities list for more information.

Club Events and Activities

Below is a comprehensive list and description of our club committees, events and activities that take place in our club throughout the Rotary year.
