

Rotary Employment Partnership

Lloydminster - District 5370

Spring 2020

COVID-19 Update

As you are aware, due to COVID-19, many workplaces are shut down, or staff are working from home. The Rotary Employment Partnership Coordinators are working hard to keep in touch with current employers, employees, job seekers and families.

For those individuals employed through our Rotary Employment Partnership, several individuals continue to work, some of whom have been offered more hours as they are working in areas essential to all Albertan's, such as maintaining our food supply chain. For those who are not able to work at this time, we are providing resources to help establish a healthy routine, ensure each person has a plan for a meaningful day, and that they have access to any support they require at this time. We continue to connect with job seekers on our wait list in preparation for when companies are once again in a position to hire.

If you are aware of any organizations that are looking for staff, please remember to keep us in mind! Coordinators are happy to join any of your club meetings virtually in the coming weeks – please send us an invitation!

At Servus Credit Union, we strive for an inclusive workplace that nurtures a sense of belonging for each employee. The chance to work with Inclusion Alberta and the Rotary Employment Partnership gave us an excellent opportunity to bring someone into our organization that could further teach us what it means to be inclusive. As we prepared for the partnership, we identified several administrative tasks we needed help with and were hopeful we would meet someone who would find the work meaningful. Luckily, we met Jillian!

Jillian started working at Servus Credit Union in our Lloydminster Atrium Centre in March of 2018. She has been a perfect fit for Servus. Jillian helps in a number of different areas including Lending Support, Human Resources, Servus Wealth Strategies and in the branch. Her regular duties include sorting and filing paperwork, organizing and preparing mail, shredding documents, and scanning. Around the Atrium Centre, Jillian is best known for two things: her positive attitude and her work ethic. She is always excited to be at work and her positivity is truly contagious. She is focused, fast and committed to doing a great job.

We are grateful for the Rotary Employment Partnership and the opportunity to work with Jillian. We are confident we have yet to realize Jillian's full potential and are excited to see what the future holds for Jillian and Servus.

Kate Klippert,
Human Resources Consultant
Servus Credit Union
