---

- **DO NOT WEAR GOOD CLOTHES BECAUSE THEY MAY GET WET, MUDDY, AND STAINED!**
  - **DON'T WEAR ANYTHING RESTRICTIVE BECAUSE YOU WILL WANT TO BE ABLE TO MOVE EASILY.**
  - **THE BATS HAVE BEEN HARDER TO FIND IN RECENT YEARS BECAUSE OF WHITE NOSE SYNDROM BUT THE EVENING EVENT DOES NOT GET CANCELLED!**
  - **DON'T BRING:** Clothes that you don't want to get dirty

#### CELL PHONES:

Students may bring cell phones but must leave them at the home of the host family and not bring them to the daily sessions – complete focus and attention are needed. You will be participating in an intense learning experience in environmental biology. If you inadvertently bring your cell phone with you, one of the Rotarians accompanying the group will be more than pleased to make sure that it is in a safe place until the end of the day!! You want to look for fish in the creek, marsh, or river, not phones!
