REVIEW

It was a great day at Rotary this week with over 80 guests joining us to celebrate Black History Month. Students from Davis, East Valley, Eisenhower and West Valley lined up to serve as greeters. Our music was provided by Trinity Bradley who sang *Lift Every Voice and Sing & A Change is Gonna Come*. It was beautiful and brought a standing ovation. Anthony Peterson followed with a poem the poem I Too written by one of his fraternity brothers and a prayer for listening and learning and building each other up.

Bob Harrison introduced Rosylen Oglesby as our newest member. Rosylen moved from Virginia and is the new Assistant City Manager. With 20 years of experience, she oversees IT, grants, economic development, neighborhood development, and the airport; and represents the City through a variety of community organizations. She loves spending time with her family, reading and watching movies. We are so happy to have her join our club!

Theresa Adkison served as our sergeant-arms with a quiz on Black History. Past President Eric Silvers shared more history about Yakima Rotary and Black History Month. This is the 15th year of presenting a program dedicated to celebrating Black History Month. Casey Corr followed with the introduction of our featured speaker, Jesse Wineberry. This was Jesse's second visit to Yakima. His first visit took place in January 1986. He came as a state representative and co-chair of the Washington State MLK Jr. Commission to commemorate the historic observance of the first National MLK Jr. Holiday.

Jesse shared that his message for us (which he had been contemplating for months) was inspired by his arrival in Yakima at McAllister Field. As he disembarked the plane and walked to baggage claim, the words Don't Stop, Please Moving Forward came across the overhead speakers. In all his travels through airport after airport, he had never heard those words. He found himself amazed – he had his theme – "Don't Stop, Keep Moving Forward." In life there are always going to be obstacles, barriers, and opponents that are going to want to make you stop. Whether you are in high school and want to go to college and there are others telling you not to. Whether you are a senior like himself and you have others telling you to sit down, you're too old you've got nothing to give. His message to us was "Don't Stop, Keep Moving Forward."

Rotary is an example of moving forward. In 1987, there was a lawsuit filed to allow women to join all male organizations, Rotary included. It made it to the U.S. Supreme Court. With a 7 to zero ruling, the women won - Rotary moved forward. "Don't Stop, Keep Moving Forward." As individuals we shouldn't stop moving forward either to seek a city and community that represents one Yakima, one Washington, and one United States of America. It doesn't mean we all have to think alike or have to agree. We've all be given a second chance at life. We have been part of a global pandemic that encompassed the entire planet, killed more than 1 million people in the U.S. and over 700 in Yakima County. Anyone of us could have been one of those 700 people, the entire room we were sitting in could have been part of that 700. There is a reason we are still here; something bigger than us, higher than us, recognizes that each of us still has work to do to benefit this planet, this society, to build and unify this nation. He talked about affirmative action, educational opportunities, police accountability legislation in the wake of George Floyd and more recently Tyre Nichols, and inspiring young people like Claudette Colvin who at the age of 15 (before Rosa Parks) refused to give up her seat on a segregated bus, was convicted, and whose case went all the way to the U.S. Supreme Court and won.

He continued with the words of Dr. Benjamin Mays:

I Have Only Just a Minute

I have only just a minute,
Only sixty seconds in it.
Forced upon me, can't refuse it.
Didn't seek it, didn't choose it.
But it's up to me to use it.
I must suffer if I lose it.
Give account if I abuse it.
Just a tiny little minute,
but eternity is in it.

This is our minute to encourage young people to exercise and lead, to keep expanding awareness and education of American history which includes **everyone's** history. How will you respond? You've only got a minute; all eternity is in it.
