DONATIONS POLICY

This policy is intended to establish guidelines and procedures for the effective and consistent administration of Rotary Club of Ladner's donations to groups and not for profit organizations for the benefit of the community locally and internationally.

SOURCE OF FUNDS:

Funds used for donations are derived from fundraising programs conducted by the Rotary Club of Ladner.

FUNDING INTERESTS:

Rotary Club of Ladner prefers to award donations that have a humanitarian or educational focus. Preference is given to those programs and services that benefit many people as opposed to a single beneficiary. The priority of the Rotary Club of Ladner is to support projects in partnership with The Rotary Foundation and with other Rotary clubs.

Rotary Club of Ladner prefers to award donations for "capital" projects, (i.e. equipment, furnishings, computer supplies, etc.) vs. operational funding. Funding for wages will not generally be considered. Donations may be awarded for one-time programs or new and innovative services.

ELIGIBILITY:

Rotary Club of Ladner awards donations to not-for-profit organizations or agencies as opposed to individuals. Organizations need not be registered charities unless the funds used by the Rotary Club of Ladner are derived from licensed events such as lotteries or raffles [regulations require qualified recipient of the donation to be registered charities].

ANNUAL and MULTI-YEAR DONATIONS:

Rotary Club of Ladner prefers to award donations annually as opposed to making multi-year commitments.
