

Photos from School in Mozambique

Photo 1:

Current school yard

Project plan

- project will include the installation of new metal soccer posts and nets

Photo 2:

Current school building

- only 2 classrooms, students can attend school from grades 1 – 5
- school is in 2 shifts each day
- building was built and paid for by island resorts

Project plan

- complete roof on this building
- paint inside and outside of school

Photo 3:

Third classroom

- used daily since there are only 2 classrooms in the cement school building

Project plan

- construct one more school building consisting of 2 classrooms and a small library

Photo 4:

Current “sanitation” facility at school

Project plan

- construct a 6 stall cements latrine, with 3 stalls for girls and 3 for boys

Photos 5, 6, 7:

Typical home on island
