TODAY'S PROGRAM

Jessica Keyser – 2025 Next Library Conference in Demark

The conference in Aarhus, Denmark took place Dokk1, the Aarhus public library with three themes of Democracy, Sustainable Development Goals, and Play. The library is paper free and promotes reducing waste by using reusable cups. To promote conversation, thought-provoking questions were introduced.

Jessica also visited other libraries in suburbs of Aarhus that provided services such as making birthday decorations and fabrics that are donated by patrons available for use and a repair shop (similar to the GP Library tool collection). For the second part of her trip, Jessica travelled around much of the country with a friend who now lives in Denmark.
