### TODAY'S PROGRAM

Will Owen, Jill McKeown, and Liz Naber, The Wig Boutique

The Wig Boutique, located in Shelby Township, has been operating since the 1980s with Mr. Owen purchasing the business last year. The company is deeply

committed to empowering women seeking alternative hair solutions by offering a large selection of human hair wigs, synthetic wigs, and hair pieces.

Although a wig can be purchased for any reason, The Wig Boutique is available to provide private consultations to offer the best alternative hair solutions, and fittings, to women losing their hair for medical reasons. The quality of wigs has greatly improved over the years, whether they are synthetic or human hair.

The speakers' goals are to increase brand awareness, especially at chemotherapy locations, of what they offer and to increase the diversity of wigs available to be able to tailor to each woman's race. The prices range from \$250 to \$5,000 and can be paid through insurance with a doctor's referral. To learn more, please visit [www.thewigboutiquemi.com](http://www.thewigboutiquemi.com)
