ROVING REPORTER

John Mozena

-- Congratulations to Stephen Cornillie on his recent engagement!
 -- Unfortunately, Art Getz and Jim Everett, have announced their resignations from the Club.
 -- Congratulations to Diane and Ron Strickler, who are celebrating their 53rd wedding anniversary! Also, congratulations to their daughter, Wendy, who had her first research paper published.
 -- The Grosse Pointe Library Foundation will be hosting their fundraiser, Masquerade for the Stacks, at the Country Club of Detroit from 5:00 – 10:00pm on 10/23. To purchase tickets, go to www.gplf.org.

OIL CAN

-- Postponed.

SUNSHINE NEWS

-- Steve McMillan bumped into Dick Dunlop, who's voice is strong but is battling serious health issues.

Please keep him and Connie in your prayers.

COMMUNITY SERVICE

-- 10/02. The GP Memorial Church food drive to benefit The Second Mile Center will take place from 10-11am. Food, hygiene items, and cleaning supplies can be dropped off in the church parking lot.
 -- 10/06. Life Remodeled. Ted Everingham sent out an e-mail to register for this great volunteer opportunity. For details, please contact him.
 -- 10/10. The GP Animal Adoption Society is looking for volunteers to help with set-up or take down at its 25th anniversary celebration. Set up is 1pm and the event runs from 3pm – 6pm.

ANNOUNCEMENTS

-- At the request of our speaker, District Governor Aruna Koushik, the October 13 meeting will be virtual only.
 -- McNeill raffle update. Three weeks until the 10/20 drawings. There are still 35 members who need to get on the board, so everyone please make a final push to sell/buy tickets. Thank you to those who have stepped up so far
 -- Our 10/20 meeting, with the raffle drawings, will be an in-person only.

TODAY'S PROGRAM

LaTonja Muhammad and E. Brian Cox, Certified College Funding Specialists with College Planning Genius.

Send Your Child To College - Leave Your Money At Home! With timely and proper planning, parents can realistically expect to send their

child to college with little to no money out of pocket. College costs have risen around 1,400% since the late seventies and continue to rise every year, outpacing inflation. The company's process helps families filter through the 4000+ colleges down to 8-12. It then examines student positioning, looking at career path/major, whether there is an academic fit, and the best availability of free money/financial aid. Once the college is selected, the goal is then to graduate in 4 years with a job or graduate school lined up.

There are two ways to pay for college: (1) your own money (previous income, current income, future income) or (2) other people's money (scholarships, grants, and student loans). Scholarships and grants can help lower the overall tuition, but student loans can be an excellent way to make up for any shortfall. There are several types of these loans, each with their own terms for borrowing and repayment and families can learn how to effectively use them to their advantage.
