Partnership Yields Legacy of Light

ENWIN to Illuminate Rotary Club of Windsor (1918) Centennial Plaza Sculpture

Windsor, ON: Please join us for an announcement regarding a lasting contribution to our local community.

ENWIN will announce a community partnership with the Rotary Club of Windsor (1918) and the City of Windsor to provide a legacy of light at the Rotary Centennial Plaza, currently under construction on Riverside Drive.

The partnership will support the work of City of Windsor's Parks Department and artist/sculptor Nicolas de Cosson, creator of the kinetic, geodesic light sculpture that will offer an ever-changing show of light, energy and artistry within the Rotary Centennial Plaza, and beyond.

Who: *ENWIN* Utilities Ltd., The Rotary Club of Windsor (1918), City of Windsor Park's Department and artist/sculptor Nicolas de Cosson.

What: *ENWIN* President & CEO Helga Reidel will announce a partnership with The Rotary Club of Windsor (1918) and the City of Windsor to build a legacy light sculpture at Rotary Centennial Park. Artist Nicolas de Cosson will be available for comments. Photos and video clips of the artist at work, and renderings of the sculpture will be available to media at the event.

Where: Regular Meeting of The Rotary Club of Windsor (1918), Caboto Club

When: Monday, March 19, 2018. Media is invited to set up at 12:15 p.m. The announcement will take place at 12:30 p.m. Breakout interviews to follow.

Why: *ENWIN* recognizes the importance of supporting our local community, and the power of partnership to build a lasting legacy for our city.

Quotes:

"Electricity powers our community — our homes, businesses, hospitals, schools and recreational activities — and now our riverfront. We are delighted to contribute a beacon of light that will identify Windsor from across the border and become a lasting legacy for our community to enjoy for many years to come."

Helga Reidel, President & CEO ENWIN Utilities Ltd.

Media Advisory

"We thank *ENWIN* for its significant contribution to the Rotary Club of Windsor (1918) Centennial Plaza. This work of art will illuminate our park and delight our visitors.

***Janet Kelly, Past-President, Rotary Club of Windsor (1918)
Chair, Centennial Legacy Committee***

"We are proud to partner with *ENWIN* on an element of the Rotary Centennial Plaza that will provide a sense of awe and wonder on both sides of the river. Our sincere thanks to the Community Support Committee at *ENWIN* for its help in realizing this sculpture."

Jan Wilson, Corporate Leader, Parks, Recreation, Culture and Facilities

About *ENWIN* Utilities Ltd. (*ENWIN*):

ENWIN is a licensed electricity distribution company, serving customers in the City of Windsor, and the licensed water system operator for the water system owned by Windsor Utilities Commission. *ENWIN* works with Windsor to provide a safe, reliable source of electricity and water for our community.

The decision to help build the illuminated geodesic structure for the Rotary Centennial Plaza was made by *ENWIN*'s Community Support Committee, a team of employees who volunteer their time to help the company identify opportunities to support local community and build for the future. Further information about Community Support at *ENWIN* is available at enwin.com.

About the Rotary Centennial Plaza:

The Rotary Centennial Plaza is a project of Rotary Club of Windsor (1918), in partnership with City of Windsor, undertaken to celebrate the 100th anniversary of the club and the 125th anniversary of Windsor by creating a public space to be enjoyed by residents and visitors.

About the Sculpture:

This special feature at the plaza will be an internally illuminated geodesic structure. The art piece will emit white light from perforations in its metal panels. The kinetic sculpture will provide an ever-changing light pattern, visible from Riverside Drive and across the Detroit River. While seated, users of the space will be able to enjoy the light show as the patterns of light move across the pavement.
