

WHAT IS PACE®?

PACE® (Program of All-inclusive Care for the Elderly) is a program that helps people meet their health care needs in the community instead of going to a nursing home or other care facility. With PACE®, teams of health care professionals focus on the unique needs and circumstances of participants and their families to make sure they get the coordinated care they need.

Huron Valley PACE® allows seniors to remain independent *in their own homes and communities.*

ABOUT US

**All of us want to stay in
our homes as long as possible.**

But as we age, in order to maintain an independent lifestyle at home, we often require a helping hand and medical assistance. Huron Valley PACE® provides an alternative to nursing home care for participants – allowing seniors to remain independent in their own homes and communities. Participants may receive medical and supportive services in our Day Center located in Ypsilanti, Michigan. We also offer a variety of services that can be provided in the comfort of your own home. We have relationships with many specialists and providers in the community to ensure that participants get the care they need.

A participant may be fully liable for the costs of medical services from an out-of-network provider or without prior authorization (except in emergency services).

Huron Valley PACE® will serve Washtenaw County, as well as parts of Monroe, Oakland, Wayne and Livingston Counties. Most participants who have both Medicare and Medicaid pay nothing more for PACE® services.

ELIGIBILITY

**In order to join the Huron Valley PACE®
program an individual must:**

- Be age 55 or older
- Be certified as meeting the State of Michigan criteria for nursing facility level-of-care
- Live within the Huron Valley PACE® service area
- Be able to live safely in the community with the support of Huron Valley PACE®

OUR GOAL

The primary goal of Huron Valley PACE® is to provide members of the community the care and medical treatment they need in order to help them live in their homes for as long as possible. We achieve this goal by offering a comprehensive package of services, delivered by a team of

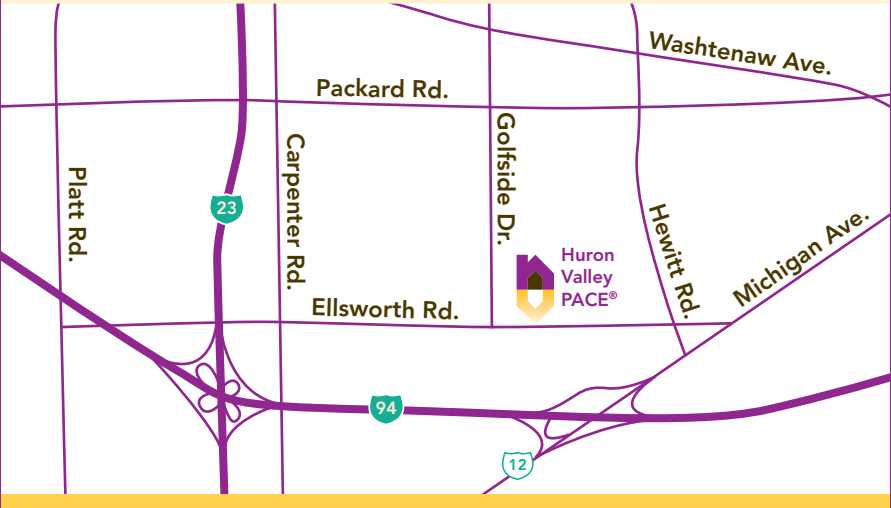

healthcare professionals.

Huron Valley PACE® was established by United Methodist Retirement Communities and Area Agency on Aging 1B, non-profit organizations dedicated to the health and well-being of older adults in the communities they serve.
