Where might I go?

Successful candidates will get to indicate a preference from each of 4 country groupings District 7070 has established exchange programs with. The district committee will then allocate all of the outbound students trying to satisfy one of their preferences. Where will I stay?

Exchange students are hosted by a local Rotary Club. This Club will make arrangements for you to live with one to five Rotary or Rotary approved host families while you are away. The Rotary district will have events bringing all of the inbound students together during the exchange term.

How will they treat me?

The host family will treat you as one of the family. You are expected to adapt to each family style and integrate into their routines.

To help you deal with challenges the local Rotary Club will provide a counselor who you can use to help with special situations. In addition there is a district Youth exchange committee in your host country who can also help you. If the challenges are still not resolved District 7070 Y.E. committee will get involved.

Adapting and dealing with a wide variety of different situations is one of the major benefits the exchange student gains from the program.

What about school?

You must attend school full time. This is key for your integration with your peers in your host country.
