Finding your perfect garment size is easy

How to Measure

CHEST: Measure just under the arms, across fullest part of chest, around shoulder blades holding tape firm and level.

WAIST: Measure your natural waistline, keeping one finger between the tape and the waist.

HIP: Stand and measure around the fullest point of hips.

SLEEVE LENGTH: With arm relaxed at side and slightly bent, measure from centre back neck, over the shoulder, down to the outer wrist.

INSEAM: Stand and measure from centre crotch to bottom of ankle bone. (Please refer to specific style for garment inseam length.)

UNISEX: Men's medium is similar to ladies' large. Sleeve length will be about 1-1½" longer. Body of garment is not form fitting. Unisex medium is equivalent to men's medium through chest and sleeve length.

TALL SIZES:

Men's garments have added length in the body and sleeves. Short-sleeves are 1" longer, long-sleeves and body length are 2" longer.
