The Rotary Club Of Lantzville

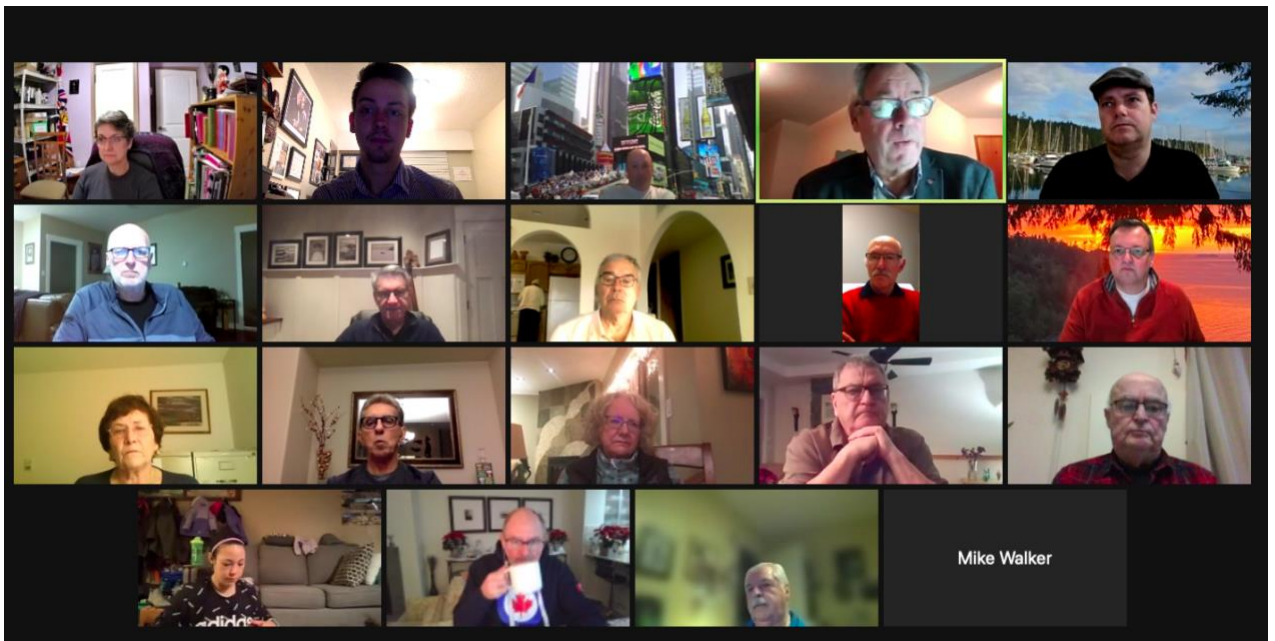

*Quote of
the month:*

“I know it sounds corny, but I try to see the funny side and the upside, not the downside. I get bored with people who complain about this or that. It’s such a waste of time.” – *Betty White*

January in Review

January was off to an icy start for our club, both figuratively and literally! Our annual golf by donation events and our monthly social were both canceled due to weather and on top of that, we find ourselves meeting on Zoom once again! As frustrating as these current times may be, we must remember to make the best of things and do our part to keep each other safe and healthy. Other generations have gone through much worse than us and although it is good to be realistic, it is important to be optimistic as well. With Zoom, we are able to connect with others more easily and can save gas money! ...This past month our club has decided that we will start volunteering once a month at the Salvation Army’s kitchen in downtown Nanaimo. This is a new, but familiar way, for our club to contribute time and funds back into our community. We also finally found a school that was very grateful to take on our Shoes for Kids program. Fairview Elementary was very pleased. We are an active club with caring and dedicated members, and I for one, look forward to seeing what we achieve in our community and globally this year!

Fact of the month:

Help Lesotho has distributed over 3,000 educational activity books to the children of Lesotho during the pandemic. Our club contributed 124 of these.

January Birthdays and Anniversaries:

February 3rd – Michael Ribicic

February 15th – Janice Stromar

Service Above Self: Sidney Poitier 1927-2022

“We are imperfect creatures. We are, that’s what it is. But we should try reaching for the better you, the better me. There is pain and there is difficulties, and there is fears and all the kinds of things that we live with. But it is through them we have to reach. We have to reach out, not just to each other, but to the universe.”
