“To me, life is a gift, and it's a blessing to just be alive. And each person should learn what a gift it is to be alive no matter how tough things get.”  
– Tony Bennett

## February in Review

February was a fast and great month for our club. We made the best of meeting on Zoom by having some great, inspiring, and well-known speakers visit our club. Dr. Andrew Weaver started off the month by giving us a very informative and hopeful speech about the state of the climate crisis. Then we were visited by our former District Governor, Craig Gillis who gave us some stats about our own club that I think we should all find very humbling. Craig even went as far to sing us a *lovely?* Song. We then had our wonderful past club member, William Litchfield, join us to speak about his new role at the BC Cancer Foundation. William delivered a very passionate and hopeful presentation. Our last speaker of the month is Fred Fox of the Terry Fox Foundation. Fred visited our club as a guest before and we are happy to have him come via Zoom to present this time. If there was one thing our speakers all had in common this month, it was hope. Something we could all use a little of right now as we continue to navigate life through a global pandemic. As much fun as we were having online, we were also having fun in-person. Members of our club helped out at the Camp Caillet Scout Camp and our club has returned to participating in making breakfasts for our community members in need out of the Salvation Army's Kitchen. Members of our club are also set to help Stephen out at the Coldest Night of the Year on February 26<sup>th</sup>.
