The Fred Balz Community Grants Program was formed to honor Fred Balz, MD, a beloved local physician and 50-year Rotarian with a commitment to meeting needs within the greater Olympia area. The mission of the Committee is to fund projects that help non-profit organizations address an unmet need that will enhance the quality of life for adults, youth and children in the greater Olympia area. Preference will be given to proposals that meet an immediate need of people and, if fulfilled, have the potential to create contributing members of our community.

The Grants Program will not support or sponsor fundraising events, political candidates or issues or proposals that will create an expectation for continuing funding from the Rotary Club of Olympia.
