Purpose of the Corporate Membership: The corporate membership is a tool which allows corporations and non-profit agencies to join Rotary without attaching the membership to a specific individual.

Corporate Membership Requirements: A Rotary Corporate Membership will provide the opportunity for up to three members of an organization to be included as members as approved by the authorized corporate representative. The corporate members will have the same rights and obligations as individual club members. The primary member will be drawn from the senior executive group in the organization. Up to two associate members will be appointed by the senior member. It will be the senior member's responsibility to determine how your organization will meet the attendance requirements and participate in club activities.

Cost of a Corporate Membership: The cost of a corporate membership is \$300 per year. The Rotary year begins July 1st and prorated dues will be billed when joining during the year. There is a one-time initiation fee of \$75 to cover the costs of new-member materials and badges.

Attendance: Attendance at Club meetings or making up missed meetings is an important part of the Rotary experience. Corporate members are encouraged to maintain a minimum of 60% attendance. Development as a Rotarian is greatly enhanced through attendance at Club meetings and participation in fund-raisers and Rotary events.

Permanent Membership Requirements: Prior to receiving the permanent corporate membership badge, the primary member is required to attend another Club with a designated club sponsor, act as a greeter at a Club meeting, attend a Board meeting, and give a brief classification talk to the Club membership. Additional Corporate Membership members are required to act as a greeter at a Club meeting and give a brief classification talk to the Club membership.
