

Girl's Night Out

(continued from page 1)

much more!

We couldn't have done it without you.

The feedback from the evening was very positive. Women loved the wine, the fun, the food, the flowers, the venue, the dancing and just a night of spending time with friends, moms, sisters, cousins, aunts and new friends!

Guest Speaker: Brad Moericke

Brad gave a brief overview of his biography. He has extensive experience as a lawyer, including working for the Pierce County Prosecutor's office. However, he had a desire to be at the front end (Police). So, he eventually got back to the City of Sumner and rose to the level of police chief.

City of Sumner Police

Vision: "Set the standard of excellence for a progressive small city police department."

Mission: "The Sumner Police Department, together with the Sumner community, is to make our city a place where all people can live safely and without fear."

Guiding Principles

Integrity

Teamwork

Professionalism

Community

Pride

Staff: 19 commissioned officers

\$4,000,000 per year budget.

Stats:

— 7.2 square miles, 57 miles of roadway, 9,730 citizens (night) and 16,000 (day-time).

— Large industrial area with 10,000+ jobs

— 4 schools with an average population of 2,900 (low estimate)

— Commuter rail station service Pierce and King

What do we do?

- Respond to over 15,000 calls per year
- 3,000+ traffic stops
- <4 minute average response time for priority calls

Unlike the "old days," we do everything "cooperatively" with a cooperative agreement that results in our sharing specialty services. SWAT, CRU, CDT (Community Disturbance Team), MCRT (Major Collision Response Team). In the "old days," local police units would rely on the Pierce County Sheriff for many of these services.

Inter-agency teams help all police departments deal with technical aspects of an emergency response. It also helps build relationships between departments. It brings chiefs together as well. Those relationships help build a higher quality service across the board (throughout Pierce Cy.).

The communications systems has been unified amongst police and fire amongst 49 agencies throughout the county.

Commitment: "No call too small — dedication to serve — community engagement."
