WHERE'S THE BEEF?

It's that time again when people who are attending "Squamish Days Logger Sports" find themselves drawn to smells wafting through the air that signal the "Squamish Rotary Beef BBQ" is once again in full swing. In one day the Rotarians can cook anywhere from 44 to 60 roasts, which can add up to 140 dozen buns and be sold out by 3:45 in the pm. Just can't satisfy people when it comes to the FANTASTIC BEEF on a BUN SANDWICHES.

John Drenka, well known to Squamish residents, has been involved since Day 1 of the Beef Barbeque. John developed the

secret sauce that makes the Beef BBQ so special and brings back people year after year to savour the delicious beef buns. Only the chosen few know what goes into that sauce and the secret is never divulged!
