

A ROTARY THANK-YOU TO THOSE PROVIDING SERVICE ABOVE SELF

Rotary Club of Squamish
2007/2008 District
Rotary Club of the Year

The new Rotary Memorial Town Clock is now ticking and on time at the corner of Cleveland and Winnipeg in downtown Squamish....a tradition of over 23 years that would not have been possible without the assistance of the following donors.

Duro Construction and Ueli Liechti, Cardinal Concrete and Bob Fast, Triton Steel and Ed Scott, Channel Fabricating and Bruce Tuck, 99 Transport and Sandy Biln, Continental Power and John Babuin/Richard Sowa, Carney's Waste Systems and Owen Carney/Dean Imbeau, Jim MacDonald who provided the necessary man-power and equipment to remove and replace the old clock and replace the base foundation which is a 42,000 pound piece of work that fits the green building code.

Thanks also to the Squamish Rotary Club and its' members, the BIA, The Rotary 200 Club Patrons and the dedicated twelve

Rotarians that provided the shortfall of funding to purchase the clock and have it delivered to Squamish. They were Owen Carney, Bob Fast, Greg Gardner, Joe Gravkin, Carl Ingraham, Lloyd Ingraham, Peter Martin, Bent Mortensen, Jim Mulholland, Bill McNeney, Don Patrick and Dave Stewart.

A special thank you to Ueli Liechti and Carlotta for spearheading the base project and making it all happen on time and under budget.

The clock has been dedicated to those past Rotarians that have left us since the Club Charter in 1966: Robert Bishop, Dr. Laverne Kindree, Jim Elliott, Doug Rudy, Bert Larsen, Walter Sweeney, Walter Clausen, Howard Brown, Linda Carney, Jim Harley and Don Lepp.

It is also dedicated to our present President Ian Davis and Past President Denise Rittberg.

BIG THANKS TO ALL
