LAST WEEKS MEETING

This weeks meeting was bittersweet. Today Leo, our exchange student, delivered her farewell speech, and while we are proud of her and all she has accomplished while she has been here, it will be sad to see her go.

Leo began by telling us of her homeland then went on to describe her family and her youth. She was born in Gertingham Germany but spent her first 6 years living in Cairo, Egypt. In 1994 her family moved to Brandenburg, Germany, a small town close to Berlin, which like a lot of European communities, has lots of rivers, museums, cathedrals and towers.

She has 2 brothers, Timo who is 11 and Moritz who is 18. She looks forward to seeing them again I am sure. Her mother is a teacher in a Grammar school and her father is an architect. Her hobbies include drama, art, music, dance, P.E. and

tennis. She won an award at Garibaldi School while here.

She will miss her “Canadian families” which included Grandparents Ted and Doris and their family. Doris made her a wonderful graduation dress and that was one of the highlights of her time was to be able to participate in the graduation along with her friends. Also she will always fondly remember the Robson’s and all of her “brothers and sisters” there. And last but not least the Nosworthy family took her into their home and hearts and made her feel like part of the family. She states that this was the “best year of her life” and thanks Rotary for the opportunity. I know we all wish her well and that she enjoys many more “best years” and comes back to visit us real soon.
