The Sheriff decided to ask just simple questions tonight. The one he liked the best was "What countries touch the most oceans?" The answer is Canada and the United States – Atlantic, Pacific and Arctic Oceans (for the USA it is because of Alaska)

It was a little tricky, but it and others were worth the \$5 collected.

New Meeting Night – the members have begun meeting on Monday night at the Packing House Pub.

There will be the odd occasion we meet somewhere else (for example, at Invue) and in the case of civic holidays, there will be no meeting unless the members agree that there is a necessity to meet.

District Governor's Visit – the District Governor Marjolein Lloyd and Assistant Governor James Kay visited our club on August 3rd.

and after an evening of joie de vivre she presented her thoughts on how she would like to see her year unfold.

She would like to see existing projects continue over one year and would like to see each club pick one or two key projects to work on and to let the rest of the district know what we are doing.

At the same time, she suggested we turn our attention to mental health, both the public and club members, and ask "How are you, really?" A toolbox is being built by the district to help in this endeavour.

DG Marjolein then introduced to us the district mascot, Archie M. Klumph who is accompanying her on her visitations and will be auctioned off at the end of the year.

Annual Dues – The Board of Directors voted to set this year’s dues at \$260. They are due now and the Treasurer has requested they be paid in cash or cheque to avoid bank charges.

Pollinator Fundraiser – Carola Spek has been hard at work knitting bees and flowers to be sold as a fundraiser items. Cost for either a bee or flower is \$15. They will make excellent gifts for small children or those that are young at heart for birthdays and Christmas.
