a District's Annual Fund giving three years prior, including Endowment Fund earnings.

Global Grants – fund large-scale international activities with sustainable and measurable results that support Rotary's areas of focus. Activities include humanitarian projects, scholarships, and vocational training teams.

How it works: The minimum budget for a global grant project is \$30,000. The Foundation's World Fund provides a minimum of \$15,000 and maximum of \$200,000. Districts contribute a minimum of \$15,000 District Designated Funds (DDF) that the World Fund then matches dollar-for-dollar. Clubs may also make cash contributions for the grant which are not eligible for a World Fund match.

The Rotary Foundation impacts communities through our grants program, which offers four opportunities for funding. Let's look at the first two grant options:

District Grants – fund small-scale, short-term activities that address needs in your community and communities abroad. Each district chooses which activities it will fund with these grants.

How it works: Districts may use up to 50 percent of their District Designated Fund, based on the amount of DDF generated from
