RAMBLING

With the season in a rush, Ron pauses to enjoy a favourite treat.

Dad's Chocolate Chip and Oatmeal cookies dipped in Canterbury beer.

As for me, I don't like brussels sprouts. You can prepare them different ways to hide the flavour, but I find it easier to just avoid them.

Rusty had the nerve to gloat when he won tonight's \$7. Unfortunately, he does win a lot!

Sheriff John decided to look at some people's negative but humorous thoughts on Christmas. Below are a few of these thoughts that would make the the Grinch proud.

"Once again, we come to the Holiday Season, a deeply religious time that each of us observes, in his own way, by going to the mall of his choice." – Dave Barry

"What I like about Christmas is that you can make people forget the past with the present." – Don Marquis

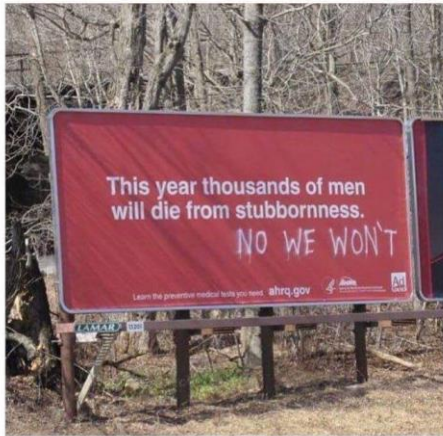

"I hate Christmas. The mall is full of nothing but women and children. All you hear is, 'I want this,' 'Get me this,' 'I have to have this'... and then there's the children. – Al Bundy

MERRY CHRISTMAS FROM THE ROTARY CLUB OF KELOWNA CAPRI

Along with our Christmas Greeting, we would like to wish everyone a Happy New Years and the very best of 2019.

We also took a short video of the group singing 'We Wish You a Merry Christmas'. This video will likely be mounted on our website and possibly the Facebook page,

Bells, especially Church Bells, have been associated with Christmas for a long time. In the Anglican and Catholic churches, the church day starts at sunset, so any service after that is the first service of the day. So, a service on Christmas Eve after sunset is traditionally heralded with the ringing of the bells.

The AGM was held this evening and the new Executive and Board were nominated for the Rotary Year 2019-2020.

Those elected are for the Rotary Year July 1, 2019 – June 30, 2020:

Parkinson Senior Centre – Carola has arranged for our club to tour the Parkinson Senior's Centre at 11:30 am Thursday, January 24th. They also offer a low-cost lunch to those attending. A brochure will be inserted.

Knights of Columbus Service Club Banquet – we have been invited to attend their 45th Annual Service Club Banquet on February 6, 2019. A scan of their letter will be inserted into the document. If you want to go talk to Brian Street as he goes every year and would enjoy some extra company.

Registration is now open on the District 5060 website on Clubrunner.

The DG showed a short video on the 2019 District Conference. It can be seen at

2019 Club Christmas Party – the members were surveyed as to where they would like to hold next year's Christmas Party. It was decided to return to the Kelowna Golf Club and on the last Wednesday before Christmas if possible.

Fundraising – Glenna has volunteered to head up the Fundraising for next year using variations off the Lights in a Bottle theme as a money maker. She suggested that we refer to it as 'Projects in a Bottle' with 'Christmas in a Bottle' being reserved for the Cottonwoods function. She also showed a new bottle she plans to use next year. This bottle she then raffled off with Carola being the lucky winner.

GUEST SPEAKER

The Assistant District Governor presented a video on Mary Hughes's speech at the PETS Conference in Portland.

Nancy Hughes had joined the Portland Rotary Club following her husband's death and described herself as 'the reluctant Rotarian'. When she discovered that some three billion people in the world use fire to cook on and that the smoke from them kills about five million people a year, mostly children under 5 years of age, mostly children. Obtaining the support of her Rotary Club and through a series of trials they developed the Ecocina stove that was not only safer to use but also reduced tree consumption by being more efficient.

Ecocina stove

With the continuing support of her Rotary Club and addition Rotary Clubs they moved on to supporting local entrepreneurs to set up factories to build and sell these stoves. Fire Team International, a non-profit organization now has factories in Guatemala, El Salvador, Honduras and Nicaragua. Rotary Clubs in the U.S., Mexico, and Nicaragua are planning new factories.

I really recommend visiting their website, <http://www.stoveteam.org> to get the whole story.
