**SIGNS SIGNS EVERYWHERE
THERE'S SIGNS**

The Sheriff decided not to look at Valentines Day and chose to let his mind wander to through whimsical thoughts. Some examples are:

Alcohol, because no great story ever started with someone eating a salad.

"The statistics on sanity are that one out of every four Americans is suffering from some form of mental illness. Think of your three best friends. If they're OK, then it's you." — Rita Mae Brown

The members, their stomachs full of food, decided to reload the collection tray with monetary notes and turned their thoughts to dessert.

Weight loss goals: To be able to clip my toenails and breathe at the same time.

Paul Harris Fellow – Ron Becker presented Mike MacGee with his first Paul Harris Fellowship. Following the presentation the club members congratulated Mike enthusiastically.

Music Festival – The contract has apparently been vetted and mostly agreed too. The only is being discussed is the duration of the contract with three years being Rotary's preference.

Lights in a Bottle Sales – the hunt continues. One possible candidate might be a return to the KGH.
