Thank you so much for having us at your meeting last night. It is important to partner with other likeminded social justice advocates who are also working to impact the United Nations' 17 Global Goals. I was so pleased that you were inspired by our student team who won last year's Challenge.

They are an amazing group of young women who are just gaining momentum as they lead for positive change. We encourage you to have a look at our website:

www.sustainabledevelopmentchallenge.com<<http://www.sustainabledevelopmentchallenge.com>> to see the work our students have been doing.

Our Finale event which will showcase this year's 6 top teams is coming up quickly on February 23rd and we would love to have some of you there in person to support our teams. Tickets are FREE and we have almost sold out so register as soon as possible. We are hoping that restrictions may be lifted to allow us to have full capacity at the Mary Irwin Theatre so a full audience will be wonderful. Tickets:

We are also looking to reach our fundraising goal as we looked to our community for financial support this year. We have an amazing community, and we are looking for two more \$1000
