## LAST WEEK'S MEETING

No recording of meeting.

## SIGNS SIGNS EVERYWHERE THERE'S SIGNS

The closest I get to a  
spa day is when  
steam from the  
dishwasher smacks  
me in the face.

Do women ever sit  
back and think  
"my man sure  
does know a lot,  
maybe I should  
just be quiet and  
listen to him"

Sheriff John Mullock was at it again with his collection of trivial facts. Did you know that there is a village in southern Norway named Hell? And every winter it freezes over. How about the fact that a human can sweat about 26 gallons in bed during a year, It makes me want to run off and wash the sheets right now. Orr, horses and cows can sleep standing up, but they can only dream when lying down. All is important stuff to know but even better it managed to load the donation tray with \$5 bills.

## ROTARY THEME – 2023-2024

### Foundation Moment

A Foundation pdf was sent out earlier from Ron.

### Pollinator's Garden

Lockie reported that the Parks Department has approved our application for funds, but they did make some changes to our pollinator garden plan which have not been revealed to him yet. He also has received some positive responses of other Rotary clubs in the area to assist with the project but nothing firm yet
