I wish we could vote for a muppet in our elections. We are going to get one anyway

I wish ballots could be reduced to simple options – nope, no per and nopest

What are you most looking forward to at this election? The end of election commercials

Real Canadian voting wish... we won't have to deal with him next election.

Disclaimer: no politicians were injured while selecting these comments.

World Health Container

I do not have any pictures of the container itself, but I do have a loading manifest provided by Rotary World Help. I will attach PDFs of the document so can see all the materials that were sent. As you can see it is everything from soup to nuts or, in medical terms, gauze packs to surgical equipment.
