SIGNS SIGNS EVERYWHERE
THERE'S SIGNS

You're going to have to drag me out of

Kamloops Rotary Initiative – the Kamloops Aurora Club is working on a Global Grant for a girl from Clearwater so that she can go to medical school in Europe. They are hoping to raise \$30,000 and have approached other Rotary clubs for donations. After some discussion it was decided that we could donate \$500 towards the cost. Hopefully she can make a presentation to our club in the future.

Peace Club

Beacon of Hope – Jack reported that the it has been decided to install the main feature on city property downtown and that it may be renamed as “The People’s Light”. Over time additional art pieces will be installed at other parks around the city.

Local Schools – Lockie reported that he is working with several schools and principals to install Peace Poles.

Peace Conference – an online conference will occur on May 12th at 4 pm. The topic is “Is Peace Just a Pipe Dream”

GUEST SPEAKER

This evening's guest speaker was Tim Cowan who is a member of the Rotary Club of Comox.

Tim reported on an Earth Day Project his club undertook, an Earth Day Clean-up that morphed into a competition between the Rotary Clubs of Comox, Campbell River and Port McNeil. As it turned out they were able to get a lot of support from the various clubs and local municipal services. Port McNeil won this year, but they seemed to have a lot of heavy stuff hiding in the bush. As Tim pointed out was very successful project and well worth our club looking at for next year.

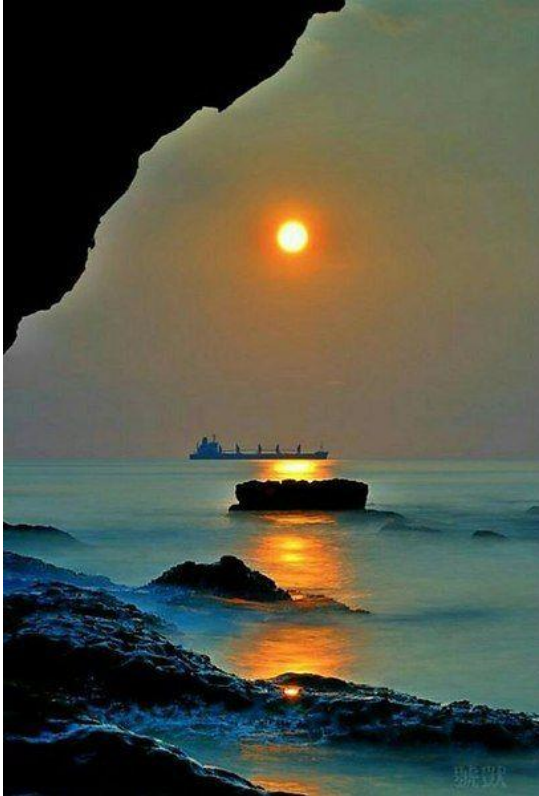

Club	kg collected
RC Comox Valley	80
RC Courtenay	140
RC Strathcona Sunrise	250
RC Comox	650
RC Cumberland Centennial	1130
Comox Valley totals	2250
RC Campbell River Daybreak	1520
RC Campbell River Noon	1940
Campbell River totals	3460
Port McNeill	6420
	(bush garbage 2520, bush items 760kg, town 3140kg total 6420kg + a ton of scrap metal)
Rotary Totals	12,130
Community totals (non-Rotary)	4030
Earthday 2021 totals	16,160

Tim kindly left us a copy of his PowerPoint presentation, Even converted into Acrobat and optimized it is too large to attach to this newsletter. Plans are underway to make the entire presentation available in the near future, possibly by mounting it on our website and download link.
