Our website: <https://caprirotary.ca/>

President
Treasurer
Editor

Carola Spek
Lockie Bracken
John Mullock

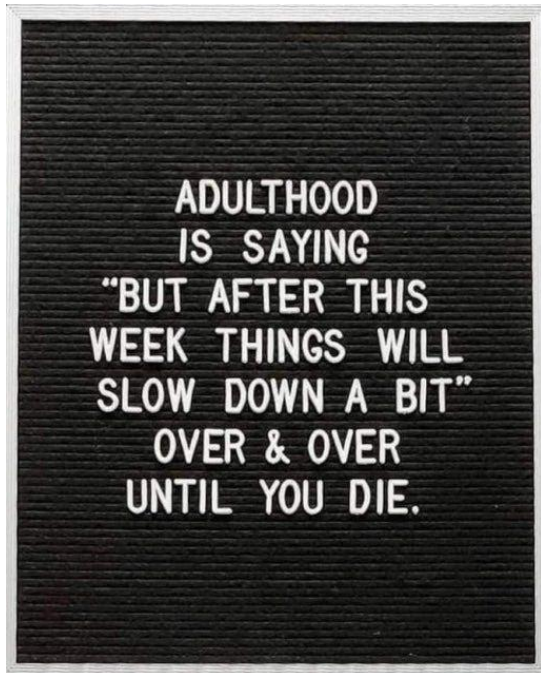

President Elect
Secretary

Peter Spek
Carola Spek

All meetings occur Monday evenings at Moxies Restaurant unless otherwise noted.
We gather for a social period from 5 – 5:30 pm with dinner and the meeting to follow.

**SIGNS SIGNS EVERYWHERE
THERE'S SIGNS**

The Sheriff recognized that this new Rotary year is going to bring on thoughts of projects. In honour of this, he came across the following thoughts:

1. Any project can be estimated accurately (once it's completed).
2. Nothing is impossible for the person who doesn't have to do it.
3. Too few people on a project can't solve the problems - too many create more problems than they solve.
4. Anything that can be changed will be changed until there is no time left to change anything.

5. If project content is allowed to change freely the rate of change will exceed the rate of progress.
6. Change is inevitable - except from vending machines.
7. A badly planned project will take three times longer than expected - a well-planned project only twice as long as expected.
8. The project would not have been started if the truth had been told about the cost and time.
9. If it happens once, it's ignorance, if it happens twice, it's neglect, if it happens three times it becomes policy.

INVOCATION

While I don't have it I do assure you it was long and meaningful.

District Governor – District Governor applications are now open, and nominations are due on or before September 26th.

Ukraine Project- we have a date for our Ukrainian Dinner, November 23rd. We have a pretty good handle on costs and location (at the Ukrainian Orthodox Church) and are hoping for about 200 attendees. We are also looking for a limited number of auction items to raise additional funds.

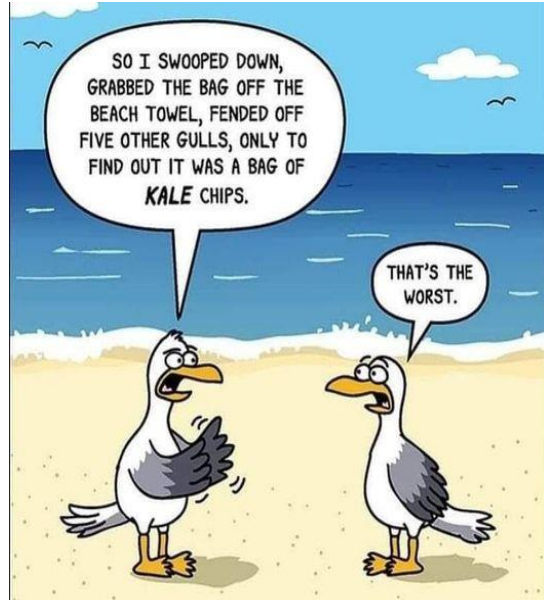

Linked to this item is Rotary World Help who loads the shipping containers with medical supplies. They have announced that they have joined with the Okanagan Gleaners.

World Peace Day – set for September 21st. It will be held in Enderby between 9am – 4 pm. Lockie Bracken is planning to attend and has extra space in his car..

Christmas Party – Monday, Dec 16th at Moxies.

HUMOUR

GUEST SPEAKER

None this week but the future is looking very promising. Ron Becker is still looking for more contacts that he could approach.

IN ROTARY'S MEMBERSHIP GAME, EVERYONE'S A WINNER

- Create a list of all the great things about your club. ...
- Keep a list of potential members. ...
- Know your club's strengths. ...
- Make membership growth your club's top priority - ...
- Look to young Rotarians for fresh perspectives. ...
- Appeal to local volunteers.

Agnesi Curve by Angolinn (UK)

Cover art by Stalkyyyyy (Belgium)

In mathematics, the ***witch of Agnesi*** is a cubic plane curve defined from two diametrically opposite points of a circle.

Agnesi was **the first woman to write a mathematics textbook and to be appointed to a university chair in math**, yet her life was marked by paradox. Though brilliant, rich and famous, she eventually opted for a life of poverty and service to the poor.
