## SIGNS SIGNS EVERYWHERE THERE'S SIGNS

Sheriff John Mullock had been dwelling in the strangeness of the human body and decided to use the medical findings as his topic. The high lite was when he explained about the energy available in the human toot.

## Rotary Foundation –

### WHAT ARE DISTRICT DESIGNATED FUNDS?

District Designated Funds (DDF) are generated based on contributions to the Annual Fund. Every year, each district's contributions to the Annual Fund-SHARE are divided up. First, 5% is deducted for operational costs. The rest is split equally, 47.5% each, between the World Fund and funding for the district. As we've mentioned, the money is invested for three years before it becomes available to districts. Your district can ask for up to half of its DDF in a district grant each year, then use the funds for the grants and programs that matter most in your area. This formula makes The Rotary Foundation an integral part of Rotary in our communities.

The district is pleased to announce that the 2-day RLI program will be offered in **Vernon over the weekend October 1+2**. It will be held at the Schubert Centre (3505 30th Avenue, Vernon). This is a great program, enthusiastically endorsed by all who have taken it before - ASK AROUND, you will hear that!

Program is **limited to 25 participants**, sessions are all fun and interactive and you will discuss everything from membership, to leadership, to the Rotary Foundation, to public image... and more! Runs full weekend, all inclusive - see agenda attached (no partial attendance please).

Registration NOW OPEN at: [REGISTER FOR RLI VERNON](#)

You can always find the registration under "Upcoming Events" on the upper right of our District ClubRunner website. Cost is \$100 per participant, which is subsidized by the district as it costs us more than that to put the program on. Normally clubs will support 2-4 of their members each year for this, so ask your club board if interested.

Out of town? If you want a hotel recommendation or home-hosting with local Rotarians in Vernon please ask RLI-North Chair Jim

**FUN FACT:** a majority of archeologists are women due to their natural ability to dig up the past

## GUEST SPEAKER

*Olivia Masegnan; retired Cottonwoods Recreational Aide Photo by Peter Spek*

Olivia Masegnan is a long-time friend of our Rotary Club and was our main contact with Cottonwoods Care Centre. I'm not sure when the annual event started but have held some fifty-four Christmas parties for patients of this facility. Only a transit strike forced us to cancel one year and then Covid took its toll. Olivia gave a short speech on just how special these Christmas parties had been over the years and how those attending looked forward to going then telling her the next day about how much fun they had.

When Olivia was finished Ron Becker surprised her with a Paul Harris Fellowship. It was a heartwarming moment.
