

## 2014-15 Mid-Term Progress Report Released, January 21, 2015

Created and Posted by Ed Kolybaba on Jan 21, 2015

Club President Greig McPhee has released the Visioning Plan Mid-Term Report for the 2014-15 Rotary Year, the second year of the five year plan approved in 2013. The report outlines the progress the club has made in achieving the approved long term goals and the goals established for the Rotary Year 2014-15.

The Mid-Term Report indicates that the club is achieving many of its long term and annual yearly goals for the most part. McPhee stated that even so, there are some significant goals that need to be addressed, particularly with respect to Vocational Service and Communications. In addition, the member support for the Rotary Foundation for the 2014-15 Rotary Year is not up to expectation.
