

Honouring our Club Leaders, Past and Present

Story by Ed Kolybaba on Aug 24, 2020

Since April 26, 1986, the official date of the chartering of the Rotary Club of Kelowna Sunrise, many outstanding Rotarians with the club have provided exceptional leadership as the club has continued to experience growth in membership and humanitarian service within the community, district and throughout the world.

The club's website administrator and editor has compiled a document which recognizes this leadership and dedication from 1986 to the present day as a means to honour these Rotarians.

The compilation has been placed as a public document within the Site Pages of this website, as a file under "About Our Club."
