The Rotary Foundation Bequest Society enables Rotarians to include The Rotary Foundation in their estate [plans](#). The funds and other assets committed to the Foundation are placed within the Permanent Fund of the Foundation to be used in the future.

Rotarians making donations to the Paul Harris Fellowship usually direct their donations to the Annual [Programs](#) Fund of the Foundation which is then invested for three years and then dispersed to the district and to the Global Fund Program of the Foundation to be used for community and international humanitarian service by Rotary clubs.
