Rotary Club of Kelowna Sunrise members were encouraged to make the Rotary Foundation their preferred charity during a presentation by Club Foundation Committee member Ed Kolybaba on September 06, 2013. Kolybaba focused on how the Foundation was organized to provide the greatest impact with every dollar that Rotarians donate to the Foundation, a foundation that is recognized as one of the most cost efficient foundations in the world and a foundation that makes the greatest impact in responding to worldwide needs.

The Rotary Foundation of Rotary International

Kolybaba reviewed the programs of the Foundation; how the funds donated by club members are put aside for three years through the SHARE Program whereby only the interest is used for administrative purposes and the full amount of the donation is used specifically to respond to humanitarian needs; how the District Designated Funds are used by clubs within the district to support community and international projects; and how Rotarians can support the Foundation and its goals.

Kolybaba also focused on the historical support of the Foundation by the club members, and how the club has benefited by using matching funds from the district and the Foundation. Since 1992, the club has received financial district and Foundation funding through the matching grant program which has enabled it to meet the needs of a dozen or more major projects at the community and international level.
