Celebrating and Observing World Polio Day

Story by Ed Kolybaba
Oct 20, 2021

This coming Sunday, October 24th, is a very special day, not just for Rotarians, but for everyone throughout the world, as we celebrate World Polio Day to celebrate and learn about the progress on the road to polio eradication.

World Polio Day is observed and celebrated on the 24th of October every year. It is an event to develop increased awareness about polio, take structural measures towards eradicating this disease and thank thousands of healthcare workers worldwide who have contributed to removing polio from our world.

Listen to Rotary International President Shekhar Mehta as he encourages all Rotarians and citizens of the world to take action.

A polio-free world is possible, but we can achieve it only by taking action together. Join with @Rotary this #WorldPolioDay to @EndPolioNow: endpol.io/wpd
