

Global Affairs Canada Supports the Humanitarian Work of Rotary Foundation Canada

Story by Ed Kolybaba on Aug 11, 2020

In 2015, Rotary Foundation Canada, associated with over 300 Canadian clubs, entered into a five-year grant agreement with Global Affairs Canada on behalf of the Canadian government to support global humanitarian efforts. As part of the agreement, Global Affairs Canada pledged to contribute \$ 6 million from 2015-2020 toward the charity's programs. These grants were to be focused on maternal and child health in under-served communities.

Each year since the agreement, Rotary Foundation Canada has received \$1.2 million in government funding to conduct its global projects. By the end of 2019, the charity received \$1.2 million in grants which represented 10 % of its revenue and \$1.2 million in deferred government funding, thus completing the \$6.0 million funding commitment.
