

Exhausted Rotarians Complete another Full Monty Project

Story, video and photos by Ed Kolybaba on May 12, 2018

Twenty Rotarians from the Sunrise Rotary Club put aside eight hours of their Saturday on May 12th to landscape a complete yard at Doreen Welsh's and David Stewart's new home.

The fundraising event, recognized as the club's Full Monty, started many years ago, and while not active every year, continues to do so when a Central Okanagan family is prepared to offer a reasonable amount of funding to provide the manpower to complete a major home yard project.

All funds raised from the Full Monty will be donated toward a project or event that serves to meet a humanitarian need within the community.
